Snow Plow Truck Drivers

Acres operates out of three state of the art facilities as well as dozens of direct report sites. We deploy more personnel and equipment than the City of Chicago to provide snow and ice management during every winter weather occurrence. Come join Acres Group Snow Shovel Team.

The Snow Plow Drivers are responsible for clearing of snow from walks, driveways and parking lots for residential and commercial property accounts. This often involves going out late at night or early in the morning to clear snow since precipitation is unpredictable and roads need to be cleared before traffic hits.

General Duties
- Operate snowplow, tractor with a plow, shovels, snow blowers, and other power and manually operated tools and equipment used to perform snow removal.
- Arrive to designated facility/property as dispatched
- Complete snow removal efficiently by adhering to contract timelines: 6-8 hours for 4” and below, 8-10 hours for 4”-10”
- Inspection of the vehicles including: fluid levels, engine belts, tires, brakes, lights, plow, etc.

Requirements
- Prior Snow Plow experience
- Complete Acres Group Snow Training and Certification
- Readiness to work outside for the duration of a snow fall/snow storm
- Valid Driver’s License
